

Immuneering to Present at the Oppenheimer 35th Annual Healthcare Life Sciences Conference

February 3, 2025

CAMBRIDGE, Mass., Feb. 03, 2025 (GLOBE NEWSWIRE) -- Immuneering Corporation (Nasdaq: IMRX), a clinical-stage oncology company seeking to develop and commercialize more effective *and* better tolerated therapies for cancer patients, today announced that management will present at the Oppenheimer 35th Annual Healthcare Life Sciences Conference, which is taking place virtually from February 11-12, 2025, to discuss the company's pipeline, platform, and business strategy. Participating will be Ben Zeskind, Chief Executive Officer, and Brett Hall, Chief Scientific Officer.

Format: Company Presentation and 1x1 Investor Meetings

Date/Time: February 12 from 2:40 – 3:10 pm ET in Track 2

The presentation will be webcast live and archived in the Investor Relations section of Immuneering's website at [Events & Presentations | Immuneering Corporation](#).

About Immuneering Corporation

Immuneering is a clinical-stage oncology company seeking to develop and commercialize more effective *and* better tolerated therapies for cancer patients. The Company's lead product candidate, IMM-1-104, is an oral, once-daily deep cyclic inhibitor of MEK designed to improve tolerability and expand indications to include RAS-driven tumors such as most pancreatic cancers. IMM-1-104 is currently in a Phase 1/2a trial in patients with advanced solid tumors including pancreatic cancer. IMM-6-415 is an oral, twice-daily deep cyclic inhibitor of MEK currently in a Phase 1/2a trial in patients with advanced solid tumors harboring RAS or RAF mutations. The company's development pipeline also includes several early-stage programs. For more information, please visit www.immuneering.com.
